Respondant(s): Emma Gould/ Mark Brown

Role within Club: Cross Country Secretary / Chairman

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Yes**

Notes: None

Chip timing response: 09/02/2018 10:56

Club Name: **Bicester Tri Club**

Respondant: Chris Mackie

Role within Club: Club Secretary

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: None

Chip timing response: 16/03/2018 11:20

Club Name: **Cherwell Runners & Joggers**

Respondant: Dawn Osborne

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Abstention**

Notes: The club is not bothered either way whether it is chip-timed or not.

Chip timing response: 16/03/2018 08:17

Club Name: **Didcot Runners**

Respondant(s): Mike Suggate / Daniel Fisher

Role within Club: Club XC Team Manager / Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Abstention**

Notes: The club is on the fence on this matter.

Chip timing response: 16/01/2018 06:38

Club Name: **Eynsham Roadrunners**

Respondant: Graham Bridges

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Yes**

Notes: None

Chip timing response: 16/03/2018 16:21

Club Name: **Great Milton AC**

Respondant: Emily Johns

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *Not in favour owing to the considerable cost implications.*

Chip timing response: 19/01/2018 17:34

Club Name: **Headington RoadRunners**

Respondant: Rosemary Cameron

Role within Club: Club Secretary

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Abstention**

Notes: *There were mixed reactions, but as expected the final verdict was that no decision could be made without knowing the cost involved to the club.*

Chip timing response: 18/01/2018 15:28

Club Name: **Highworth RC**

Respondant: Chris Carter

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *None*

Chip timing response: 08/03/2018 22:43

Club Name: **Hook Norton Harriers**

Respondant: Sandra Heryet

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *The reasons being the courses are all so varied, the weather a factor too and mostly because the club just doesn't feel it is necessary.*

Chip timing response: 21/02/2018 10:39

Club Name: **Kidlington RC**

Respondant: Michael Collins

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League

(OXL)? **Yes**

Notes: Kidlington RC also strongly urges clubs to support a system/operator that minimises the demands placed on you - thus it should be one fully managed** by an external provider who also processes the results. ** The only aspect where it is advisable that the league injects provision is the manual recording of the finishing order as a backup.

Chip timing response: 06/03/2018 16:56

Club Name: **Newbury AC**

Respondant: Phil Marshall

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: None

Chip timing response: 16/03/2018 09:39

Club Name: **Oxford Brookes R&AC**

Respondant: Nathan Colling

Role within Club: Club Secretary

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Yes**

Notes: None

Chip timing response: 25/01/2018 06:20

Club Name: **Oxford City AC**

Respondant: Richard Hart

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Yes**

Notes: The club is in favour provided that the initial cost and ongoing annual costs are shared equitably among the clubs (suggest using the same formula as was used to share the cost of the recent Round 2 match at Carterton – i.e. according to numbers of athletes entered, perhaps calculated across an entire season, or even over the course of the last 2 or 3 seasons.

Chip timing response: 17/03/2018 18:03

Club Name: **Radley AC**

Respondant: Kay Reynolds

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *Although the club thinks it's a good idea it cannot see the cost benefits of doing so at this time.*

Chip timing response: 06/03/2018 16:24

Club Name: **Swindon Harriers**

Respondant: Steve Connolly

Role within Club: Club XC Team Manager

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *The reasons are to do with the cost and how this would be spread across the various clubs. There is also some concern about the logistics of using any chosen system (e.g.what to do in the case of lost numbers and how this might be dealt with on race day). Another concern really centred on any manual back up system that would have to be put in place and whether this would negate the advantages of the chip timing system. At the end of the day there is not a great deal of enthusiasm at this stage.*

Chip timing response: 16/01/2018 11:14

Club Name: **Team Kennet T&AC**

Respondant: Nick Bull

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *The expense is too high, £5000 per season, about £5 per runner. So for TK that would be approx. £600 per season. At the moment the club pays £125. There is the worry about people not turning up with their number/chip, at the moment copies are available to hand out. This tends to be more of an issue with U9/U11 in their first season.*

Chip timing response: 25/01/2018 18:02

Club Name: **Woodstock Harriers AC**

Respondant: Neil Preddy

Role within Club: Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: *The benefits seem small relative to the costs involved.*

Chip timing response: 09/03/2018 22:26

Club Name: **White Horse Harriers AC**

Respondant: Lorimer Fellingham

Role within Club: Club Secretary

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **Yes**

Notes: None

Chip timing response: 12/02/2018 19:00 (verbal at management committee meeting)

Club Name: **Witney RoadRunners**

Respondant(s): Richard Stocking / John McCormac

Role within Club: Club Treasurer / Club Chairperson

Is your club in favour of the introduction of chip timing to the Oxfordshire Cross Country League (OXL)? **No**

Notes: None
