New Member Clubs Proposal

The following clubs completed an initial trial period over the past season to determine whether or not the clubs would be able demonstrate consistent athlete turnout and strong commitment to the League.

- Abbey RC
- Radley College Harriers
- Swindon Striders

After a promising start Abbey RC were unfortunately unable to achieve a consistent turnout, although one female athlete did run at three of the fixtures who enjoyed the vents. Only two other athletes made an appearance. The feedback received from the club indicates it is still finding its feet as a new club and not ready to be able to commit fully to the OXL at this stage.

Radley College Harriers and Swindon Striders, on the other hand, both demonstrated a strong level of commitment to the League with a consistent level of turnout from their athletes.

The proposal therefore is to invite both the following clubs to join as full members of the League, pending approval by the existing member clubs.

- **Radley College Harriers**
- **Swindon Striders**

Proposed by OXL Committee

Yes / No
